The Board reviewed the engineer's report provided by Mr. Harshman concerning the sealed bids for the 2016 Paving Project, which were opened by Mr. Harshman at 3:00 p.m. and tabulated. He noted that the bidders were inconsistent in the way that the bid items and totals were handled in their pricing, making it difficult to define a common standard upon which to evaluate the lowest responsible bid. The solicitor agreed with this assessment and recommended to reject all bids and re-advertise the project.
